Ten Steps Towards Success:

## Success Card

1. Use language well. Enunciate words clearly and correctly.
2. Associate with people who are where you want to be. Help others who want to earn a place beside you. Encourage those who want to work at moving beyond you. There is room for all.
3. Be pleasant around other people.
4. Learn to compete, and win fairly.
5. Know and appreciate from where you come. Release yourself from the binds that hold you. Get on board with that which propels you forward.
6. Remove excuses, negative language, name-calling, and labeling from your vocabulary and thoughts.
7. Be noticed for your positives.
8. Accept that ten minutes early is "on time".
9. Adopt and maintain a strong work ethic that reflects the environment to which you aspire.
10. Take the initiative. Be responsible. Make your own researched choices for your life.
